

# Tom Hunter

Games and Software Developer

## Summary

Accomplished Software Developer with 4+ years of modern development experience. Practiced problem solver with the ability to analyze problems and design software solutions that are clean, scalable, and well-documented. Flexibility to adapt to new development methodologies, programming conventions, and project environments.

Comfortable with prioritizing and completing tasks while maintaining regular communication with my peers. Self-motivated, respectful, and a true team player. Always seeking new challenges and experiences.

## Work Experience

### Software Developer @ EB Games Australia

(Jul 2021 – Dec 2021)

Worked in an Agile environment to develop and maintain features for many of EB Games' applications, primarily their ecommerce application for [ebgames.com.au](http://ebgames.com.au). Greatly enhanced my development experience and learned a variety of new skills.

### Game Designer & Developer @ National Colleges of Australia

(Jan 2021 – Jul 2021)

Independently designed, developed, and published multiple small-scale educational learning tools in Unity3D for this startup teacher aides company. Practiced design techniques, client interaction, Unity MLAPI networking, and self-management.

## Education

**Bachelor of Games and Interactive Environments (Software Technologies)** from Queensland University of Technology (QUT), 2017-2020

- Minored in Advanced Software Technologies and Interaction Design.
- Achieved a GPA of 6.33 and two academic performance awards.
- Learnt a variety of software and game development skills.
